

CEDAR ROCK 'S SPECIALTY SHOWCASE PACKAGES

For clients and residents who want completed rooms, small vignettes, or just tabletops or bookcases decorated, these Specialty Packages take the guesswork out of putting together desirable, beautiful and inspiring solutions, especially for those living with Multiple Chemical Sensitivities.

With the combined expertise from Chintz, Ekla Home, OEcotextiles, and founder/designer, Edie Hogarth, these Showcase Packages have been carefully created at different price points, to provide quality pieces that suit a wide range of budgets and design tastes. New packages will be designed annually, to meet the needs of individuals, based on demand.

Not certain of what style or arrangement suits your particular space? The option to mix and match individual pieces for an eclectic, thematic, or designated area is also possible.
